

INNOVATION STAGE

See the latest technologies in action through short, interactive, drop-in presentations and live demos on the innovation stage.

MEDIA CREATOR

Your Words. Your Voice. Any Style.

Experience the future of AI-powered voice creation. See how Media Creator can generate natural-sounding audio, customise voice and expression, and adjust the tone—from energetic to mysterious—in real time based on audience input.

Presenters: Paulette Pantoja

GLOBALLINK LIVE

Every Voice, Understood in Real Time

Experience real-time interpretation and captioning in action. See how GlobalLink LIVE helps organisations remove language barriers from meetings, events, and conversations, making live communication more accessible to audiences around the world.

Presenters: Peter Cselenyi, Nate Fong, or Justyn Vasquez

TRANSPERFECT AURA

Meet Aura: AI Built Around Your Business

Discover how Aura brings AI into the flow of work with an experience shaped around your organisation's content, knowledge, and goals. This live demonstration will explore how teams can find answers, complete tasks, and move from information to action faster.

Presenters: Mario Lenoci or Filip Smet

GLOBALLINK COACH

Smarter Training, Personalised by AI

See how GlobalLink Coach creates adaptive learning experiences tailored to each individual. Discover how AI-powered practice, feedback, and guidance can help organisations deliver more engaging training and build skills across global teams.

Presenters: Diego Bartolome and Anna Zaretskaya

GLOBALLINK ONE

Just Ask: One Conversation, All of GlobalLink

Meet the conversational AI agent that brings GlobalLink's capabilities into one connected experience. See how users can translate content, check project status, and complete everyday tasks simply by asking—in GlobalLink or within the AI tools where their teams already work.

Presenters: Keith Brazil
